

## DOUBLE YOUR DONATION WITH EMPLOYER MATCHING GIFTS

Shelter Network donors can increase the impact of their donations through local employer matching gift programs. Many companies will match their employees' charitable gifts one-to-one, and some will even match two- or three- to one. Check with your employer to find out if your company has a matching gift program and what the process is for arranging the matching gift. If you would like more information, please contact Shelter Network's Development Associate, Erin Johnston, at 650.685.5880 ext. 123 or [erjohnston@shelternetwork.org](mailto:erjohnston@shelternetwork.org).
